## MARTISORUL FROM TRADITION TO MODERN

Malcoci Marina, *conf. univ., dr.*; Malcoci Maria Eudochia.

### Scope:

The martisor allows the education of generations in the spirit of the good and the perennality of tradition. The martisor is included in the Representative List of the cultural heritage of humanity, which is a moment of pride for those who wear it.

Application nr:  
MD f2019 0083  
from 13.11.2019

### Solution:

The martisor are handmade. Different materials were used to make them: natural leather, red and white ribbon, thread etc. The immaculate white of martisor it brings purity, and red is a sign of love and luck.

### Advantages:

- 1. The martisor is the sign of spring, being eagerly awaited by everyone from small to big.
- 2. It is a product loaded with symbolic meanings.
- 3. The martisor is a product that inspires many to be creative and inventive.
- 4. The only product that unites us through its rituals and superstitions wherever we are.
- 5. The martisor allows the education of generations in the spirit of the good and the perennality tradition.

### Stage:

Implemented at laboratory level.
